ACCESSORIES TIRES

OILS

turbo-x oil 15W-40 for internal combustion engines

■ Technical description

Code MIN15W40
Version Oil can 2 L

■ Benefits

- Ideal for the thermal compressor ALAIR 20/500 and the generator set.
- Turbo-X is a high level engine lubricant with synthetic agents.
- Formulated to meet the standards of the largest manufacturers.
- Enhanced anti-wear properties, very high level of detergency and excellent anti-corrosion and anti-oxidant properties.
- Can be used for petrol or diesel engines, in normal, multi-valve, turbocharged or non-turbocharged operation, with or without catalytic converter, and with the latest generation of fuels.
